

* Entities that may issue an “order” include the State of New York, New York State Department of Health, local Board of Health (such as New York City’s Department of Health and Mental Hygiene) or any government entity authorized to issue such order. Check to see if a note or prescription from medical provider directing quarantine or isolation constitutes an “order” for purposes of this benefit.

**Country where Centers for Disease Control (“CDC”) level 2 or 3 health travel notice and employee did not travel as part of employment or at direction of employer.

DEFINITIONS: **Isolation** means to separate ill persons who have a communicable disease from those who do not have that disease, and to restrict the movement of ill persons to help stop the spread of certain diseases. **Quarantine** means to separate and restrict the movement of well persons who may have been exposed to a communicable disease, and to monitor those well persons to see if they become ill.
